

Fasteners

We use only permclip® – the world’s finest bonded fasteners – in all of our products. Not sure what position or the number of fasteners you’ll need? We’ve got your solution – just add fasteners as you go. With our line of functional self-applied fasteners, you can choose where and when they are needed!

Foamclip - Item #2914

6-3/4" x 3/4"
(100/Box)

unique, flexible,
non-woven
fabric-and-foam

Just peel liner
and press firmly!

Larger than actual size

twin metal 2" prongs
are made with the grain,
for more bending with
less breakage

Just Peel, Press, and Fasten

Foamclip® is the world's strongest self-applied pressure-sensitive file fastener. Its unique, flexible, non-woven fabric-and-foam construction guarantees a permanent, super-strong bond to paper, glass, plastic, metal, or wood. So papers can be securely fastened...

On file folders

To file cabinets

On the wall

Even on your desk

**NEVER
FUMBLE FOR
NUMBERS
AGAIN!**

...WHEREVER! FOREVER!

Reinforcer

Peel and Stick

The permclip® reinforcer is a 2" fastener bonded onto a strong manila-base strip with a heavy-duty, pressure-sensitive adhesive. Brings extra strength to new files, or bring old files back to service, with one easy to use fastener. Just peel and stick!

- Self-adhesive back allows for easy application
- Broad-based surface provides larger bonding area
- Adds strength to new folders
- Rejuvenates old folders
- 2" permclip® prongs accommodate larger files
- 100 individual strips per box

Bring old, torn files back to life!

Smaller than actual size

Reinforcer - Item #2912
8-1/2" x 1" (100/Box)

Earflap

Simple, Quick, and Efficient

Break up the log jam of bulky files for ultimate ease in file organization and management. Earflaps let you sectionalize your files by any criteria you choose, as your files grow.

Earflap - Item #2916
7-7/8" x 2-1/2" (50/Box)

Smaller than actual size

Sectionalize by any criteria you choose, even add category dividers!

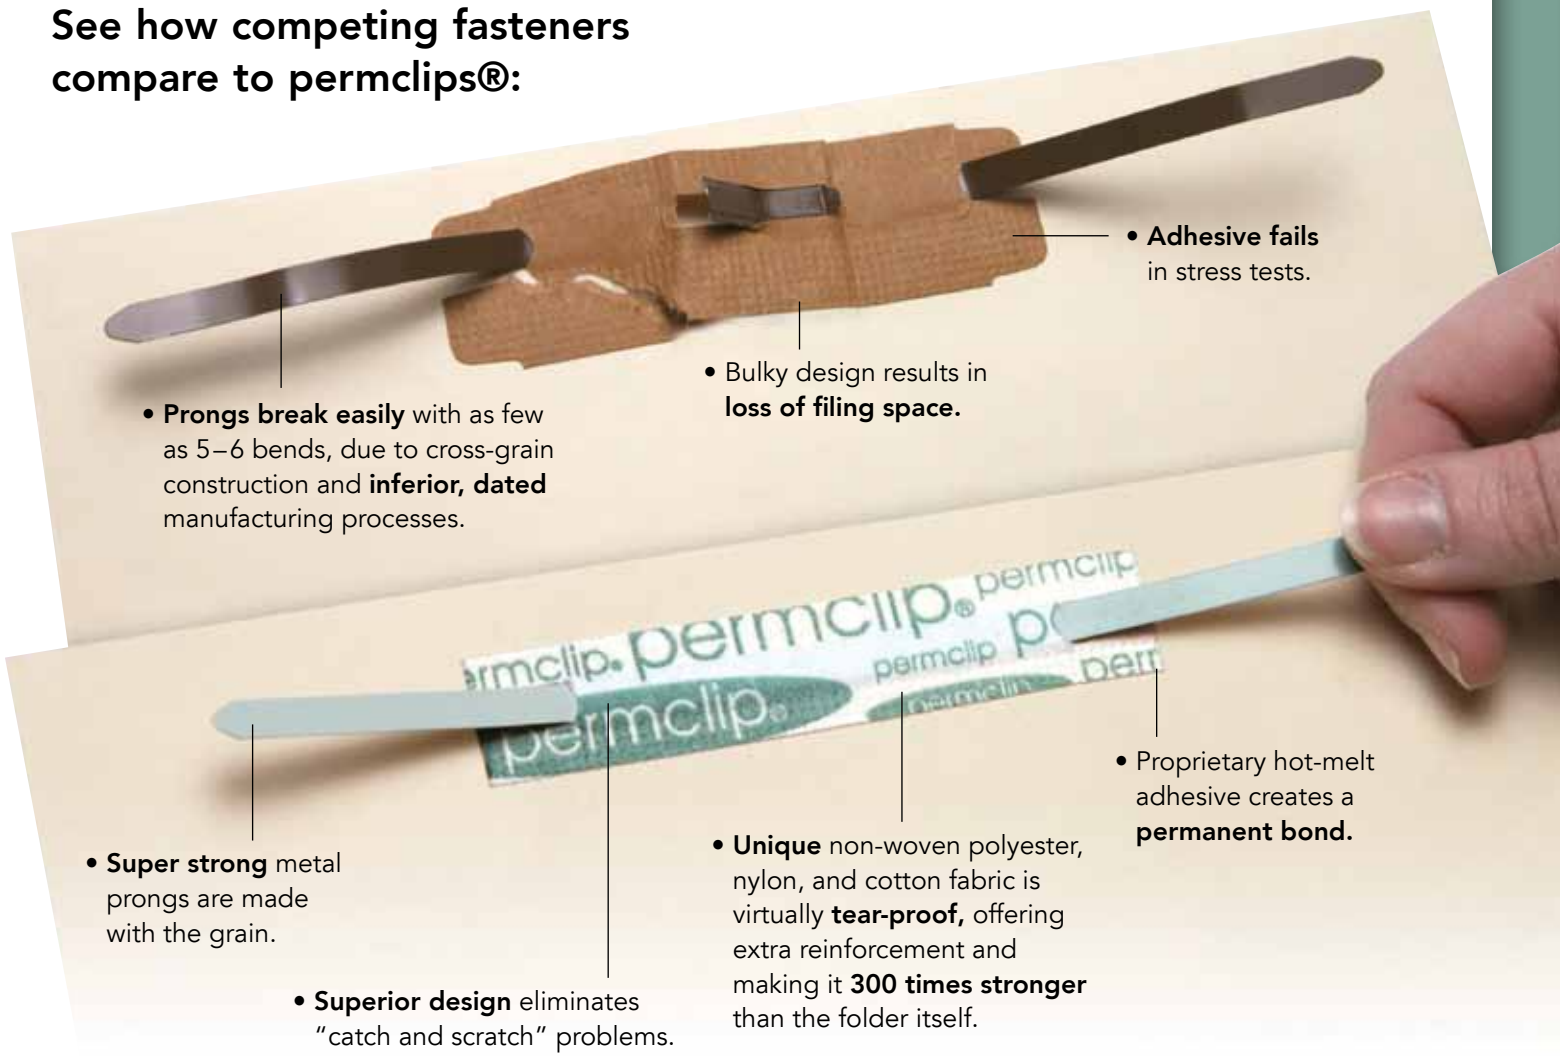

Standard 2-3/4" center-to-center holes; works best with permclip® fasteners.

Use pen, marker, or pencil on the writeable tab.

All Fasteners are Not Created Equal

We are proud to feature permclip® fasteners throughout the catalog! For more than 35 years, permclip® has been developing sophisticated manufacturing processes to achieve the highest standards and quality, creating the world's strongest, most reliable fastener.

See how competing fasteners compare to permclips®:

WHY CHOOSE LESS, WHEN YOU CAN HAVE THE BEST?

- Bend them again and again without breakage.
- Superior steel-encased design eliminates "catch" and "scratch" problems.
- Green by design! Permclip's® waste is .001% making it more environmentally friendly than any other brand.

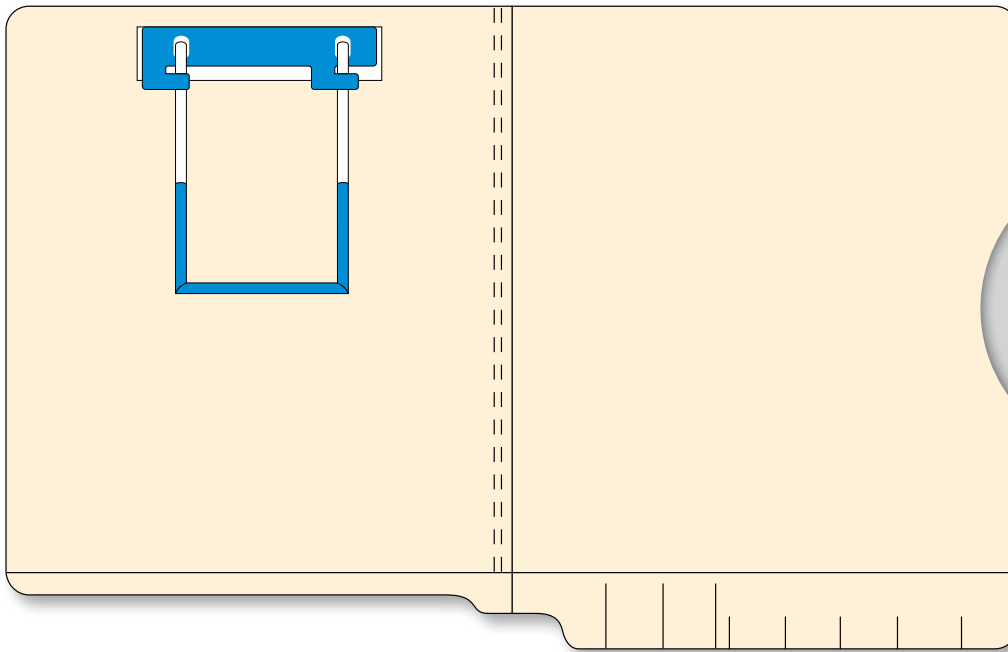

The Only Fastener Accepted by US Government Specifications

(GSA rejects all other fasteners)

Fasteners and Accessories

MediClip / DocuClip

This unique 5" capacity fastener converts any file folder into a ring binder, loose-leaf format. Flexible 3-piece construction attaches in seconds to any type of file folder. Item #2913 (100/Box)

Reinforcing Strips (7551RS)
Add durability to important documents that are mounted within charts; or repair any ripped 2-hole punches. Strips are clear, self-adhesive, 3-5/8" W pre-punched with 1/4" holes on 2-3/4" center-to-center. (500/box)

U-File-M (U-FILE-M)
Make each folder read like a book. Records are affixed to tabs of the strip in either ascending or descending order. Put oldest information on the top, or newest information on the top, whichever you prefer. (100/box)

DocuStrip (DOCUSTRIP)
Adding a DocuStrip saves additional space by eliminating the compressor bar, and allows for easier viewing, insertion, or deletion of material. It also allows file dividers and pages to turn easily and lie flat, similar to a ring binder. (100/pkg) Order the complete kit, DOCUSET, and save! (includes MediClip and DocuStrip)

DigiStrip

KEEP PHYSICAL AND DIGITAL FILES TOGETHER!

The DigiStrip is a USB flash drive fastener attachment that makes it possible to store all corresponding digital files with the physical records.

- Perfect for storing presentations, images, & video
- Ideal for real estate agents, lawyers, & designers
- No more lost USB flash drives
- Available with either 2GB or 4GB capacity

safely secures onto fastener prongs
